

## Project Description

---

Construction of a new boarding school to accommodate 300 learners children with special needs. Construction of the school consisted of a hostel block over 2500 m<sup>2</sup> and a 1 500 m<sup>2</sup> dining hall. Further buildings included classrooms, workshops and multi-purpose centres. The activity, therapy and well-equipped computer rooms cater specifically for learners with special needs, as does the specially equipped sports facility. The scope of works included electrical and mechanical installations as well as construction of a self-sufficient sewer treatment plant.
