

PORT ELIZABETH COLD STORAGE

Coega IDZ, Port Elizabeth, Eastern Cape

Project Description

Construction of an extension to the existing PE Cold Storage Facility in Port of Ngura comprising a 7000 m² new warehouse section and loading area of 1500 m². The extension is 14.5 m high and includes 3 cold rooms with 12 m high continuous panels. Each cold room is equipped with a unique blower system and cutting edge technology in mobile racking. The project included the installation of a new fire sprinkler system. Elwandle Consulting were the structural engineers and Clinkscales Maughan & Brown acted as electrical and mechanical engineers on the project.
